

ALL THINGS PARAMOUNT

X Brothers

Co-writer(s): none

I got myself a percentage of the gross
Singer's stoned, raving mad, just leaning on a post

All the people come down
Paper planes and foolin' around. . .
Strikes a chord in their heart
Forgotten lives
And vast amounts
Breaking the bank tonight
All things paramount
All things paramount

Play away the days down a rocky road
Riding out a heavy trip where you might explode

All the people come down
Paper planes and foolin' around. . .
Strikes a chord in their heart
Forgotten lives
And vast amounts
Breaking the bank tonight
All things paramount
All things paramount

(slide solo)

Streets look down and filled with sadness
One man will try and stop the madness
Coming down hard on the mother
Crazy lives and still you shudder
You see a life that's wasting away
You try to cope in a house of clay, hey, hey

All things paramount
All things paramount
All things paramount
All things paramount
All things paramount
