CYNTHIA'S BOYFRIEND

**Cynthia's Boyfriend
Dirty young bastard
Messed her up badly
On the day before Christmas**

**He picked her up at one
They were going to have some fun
Took her shopping on that very same day
Pushed her from the car and then threw her away.**

**The scene got crazy
The pressures got rough
Blood on the windshield
And trying to act tough.**

**She tried to make it work
And did what she could do
Too young to realize what he did
Did the dirty deeds then he planted the seed
[SOLOS, bass, guitar]**

**The story never ends
Young punks with tempers inflame
Instead of getting presents from Santa Claus
Now he's doing time for the pain he caused.**

**Cynthia's Boyfriend
Dirty young bastard
Messed her up badly
On the day before Christmas**

**He picked her up at one
They were going to have fun
Took her shopping on that very same day
Pushed her from the car and then threw her away**
