DESIRE

**Desire of you, feed my hunger
Stomach screaming, feeling younger
Should I make my move?
Will it be the right thing to do? Oh baby, you know
Feel the fire Burning hot for you
Ignite the flame This feeling is overdue**

**Hot passions, Fever for your touch
Put your hand in mine. It won't hurt so much.
Can't control the heat, Don't wanna cling to you
Just want a little treat.**

Pre-chorus

**Come on give in. I know you feel it.
Come on give in. It's not like it's such a big sin
Come on give in. I just want to melt into you, Melt into you.**

Solo

**Fill me, Warm me. Fan the flames inside.
No need to hold back. No need for us to hide.**

Chorus

Come on give in (8x)
