

DOWNTOWN

X Brothers

Co-writer: Andy Hilfiger

Let's go

I'm going Downtown
Gotta get in the action
I'm going Downtown
Whistling "Satisfaction".

Oh Yeah!

I'm going Downtown
Got a suit of leather
I'm going Downtown
To get it all together

Tonight we'll burn the candle
Until the ends are gone
Party like there's no tomorrow
And won't get back 'til dawn.

Going to see my boys
They're making heavy noise
Down at the Village Square
The Brothers are playing there!

Meet me there tonight
It's gonna be all right
Party at the Club -
All Night

Going to see my boys
They're making heavy noise
Down at the Village Square
The Brothers are playing there!

Blackened out eyes
Cats and dog fights
Looks from the crowd
Just messing around

Meet me there tonight
It's gonna be all right
Party at the Club -
All Night
2x
