**DREAMLAND**

**The fantasy unfolds in stages  
The lady waits and counts the pages  
She lives her life  
In Dreamland**

**She sees the world  
With pure emotion  
The rainbow sky and perfect motion  
Nights of love  
In Dreamland**

**SOLO**

**Come back again cries the lonely  
From castles come her one an only  
Love will find a way  
In Dreamland**

**Words of love have now been spoken  
Promises will now be broken  
Off she goes  
To Dreamland  
Dreamland
