

DR. MUSIC

BOC, X Brothers

Co-writer: Donald Roeser, lyric by Richard Meltzer

**Dance on fire with me babe
The flames ain't gonna stop
Come on and show me
That you're ready to trot**

So if you really wanna do it You better do it hot

**Ah my babe You tell me that you're scared
But your fear Is just driving me mad**

**Well, you can call me Dr. Music
Music is my game
Well, you can call me Dr. Music
Music is my name**

**Girl don't stop that screamin'
You're sounding so sincere
So much beauty
In the tracks of your tears**

So if you wanna face the music Open up your ears

**Meet my friend Calamity Jane
Hear the rhythm In the sound of her pain**

**Well, you can call me Dr. Music
Music is my game
Well, you can call me Dr. Music
Music is my name**
