**Sit down, hot cup, good n' stout, shout it out
Cooks are in the kitchen grabbin' pots and pans to bang about.
Give a kiss, little Miss, snuggle up, cutie bug,
Lay your lips upon me percolate my coffee chug a lug.**

**Diner Girl Won't you wait on me?
Orders up, scarf it down, what a dinky little town
Drive me to that crazy place I think that I've already found.
Diner Girl - Shake my world.**

**Hot dog, cold dog, would you like an icy frog?
Come and sit beside me I'm a howlin' like a mangey dog
Slice and dice, side of rice, give this boy a little snack
Roll me in the backseat of your rattle trappin' Cadillac.**

**Diner Girl Won't you wait on me?
Soft boil, hard boil, sizzle in some frying oil
Doggy bag'll do me if you shove it in some shiny foil.
Diner Girl - Shake my world.**

solo 1

**Juke box, bagel lox, chatty talk pretty walk
Quarter in the little slot, It's time to rock around the clock
I Scream, you scream, we all scream for EyeScream
Fizzy soda jerk pop his top off in the pop machine**

**Diner Girl Won't you wait on me?
Sore feet, long day, sneak a little time to play
Waitin' on your tables 'til it's time to make some better pay
Diner Girl - Shake my world.**

solo 2

**Diner Girl Won't you wait on me?
Kick me out, turn me in, pop me with a rolling pin
Cook me in your kettle, heavy metal with adrenalin.
Diner Girl - Shake my world.**
