Double Talk

It's such a drag at school
I've broken every rule
I stumble down the hall
I'm going off the wall They give me

Double Talk
D D D D Double Talk
Well they can take a walk
With their double talk, double talk.....

There ain't no freedom of choice
They never hear my voice
I'm at the back of the class
They always call on me last I hear that (cho.)

Round and round and round the story goes
Twisted words the kind nobody knows
Someday soon I'm gettin' out of this place
Twelve years of school was just a big big waste.

I can't read it's true
I got the text book blues
Too much jive they say
D D D double talkin `till the end of the day I hear that (cho.)
