**Ooo Ooo Ooo Ooo Ooo**

**I wanna surf across the ocean  
But it's too late to live that dream .**

**Divin' down, Deep down  
Far below the deep blue waters  
An apparition from the sea  
Her blinding light it called to me.**

**Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.**

**Floating across some distant season  
Caught in a time alone  
There was this crystal vision  
Just beyond the pounding waves**

**Divin' down, Deep down  
Far below the deep blue waters  
An apparition from the sea  
Her blinding light it called to me.**

**Divin' down, Deep down  
Down in the daydream waters  
Deep down the clear blue water  
A rush, the surge...a sign, the sea  
This fantasy...it called to me.**

**Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo ,You can synthesize your own reality.**

**[instrumental interlude]**

**Oooo, Ooo The girl from the Dream Machine.**

**Near the end I lost my vision  
With a shift of the tides the girl was gone.**

**Divin' down, Deep down  
Far below the deep blue waters  
Deep down the clear blue waters  
An apparition from the sea  
Her blinding light still calls to me.**

**Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.  
Oooo, Ooo The girl from the Dream Machine.**
